## LAB<sub>4</sub>U conference

# Supercritical CO<sub>2</sub> extraction

*Discover the value in your renewable resources*

**16/11/2017 from 9h until 18h at Campus Proximus, Heverlee**  
**Registration fee: 100€**      **Maximum number of participants: 50**

- Green scCO<sub>2</sub> – sustainable sources and properties (**Bob Taylor**, Air Liquide - Belgium)
- Large-scale supercritical fluid extraction (**Michel Perrut**, Ateliers Fluides Supercritiques - France)
- Search for optimal extraction at analytical scale (**Gunther Fleerackers**, UC Leuven-Limburg - Belgium)
- Natural extracts with supercritical CO<sub>2</sub> (Dr. **Karl-Werner Quirin**, Flavex - Germany)
- Extractables and leachables (**Noud Van der Borg**, Waters – The Netherlands)

**Full program and registration form available at**
