

## Partner search for EUREKA Multilateral call for projects Advanced Materials

**Organization name:**

**Web site:**

**Location (country)<sup>1</sup>:**

**Type of organization<sup>2</sup>:**    Large company             SME             Research body

### YOUR ORGANIZATION DESCRIPTION

(Please, provide the minimum information to show the potential of your organization; Research and development guidelines, Project experience, Competitive position, Products, Technologies, Applications, services, etc.)

### COLLABORATIVE R&D PROJECT PROPOSAL

**Title:**

**Duration:**

**Technology field**

- Semiconductors and Display
- Secondary Batteries and Sensor Technology (including Energy Storage)
- Carbon Industry and Chemistry (including Lightweight Materials, Composites and Recycle of Plastics Nano Materials and Plastic materials)
- Machinery, Robots, and Metal Industry

**Project description**

(Please, provide the minimum information to show the potential of the project (product/process/service to be developed, necessity of such new development, expected R&D Activity during the project, etc.)

---

<sup>1</sup> Please, check eligibility according to participant countries (<https://www.eurekanetwork.org/content/multilateral-call-projects-advanced-materials>)

<sup>2</sup> Please, check the kind of organizations eligible according to the rules of each participating countries' funding bodies ([https://www.eurekanetwork.org/sites/default/files/2020%20EUREKA%20Call%20for%20Proposals%20on%20Advanced%20Materials\\_1.pdf](https://www.eurekanetwork.org/sites/default/files/2020%20EUREKA%20Call%20for%20Proposals%20on%20Advanced%20Materials_1.pdf))

**Partner search**

Please, indicate:

- Interested partner's profile and country or counties
- What do you expect from your partner in this project, from a technical point of view?

Once completed, please send this document to Tine Schaerlaekens  
[tschaerlaekens@catalisti.be](mailto:tschaerlaekens@catalisti.be)
